

Supplementary Information about Intellectually Disabled Bowling Athletes (TPB4)

TPB4 are Intellectually Disabled Bowling Athletes.

We are writing to inform you that for TPB4, we will have two divisions (1) National Team (Virtus) and (2) Non-National Team (Special Olympics).

Athletes are required to submit proof of Intellectual Disability before the start of the Championships.

There will be separate Men and Women Division for both National Team and Non-National Team Division. Events for both Men and Women Division are Singles, Doubles and Team of 4. Athletes can participate in Singles, Doubles and Team of 4 in Men and Women Division and there will not be mixed events for Doubles and Team of 4. There will be a medal for All Events in Men and Women Division (based on total pinfall from Singles, Doubles and Team of 4), even an incomplete team can still bowl in the Team of 4 event for medal in All Events.

We have updated Form A accordingly for your necessary action. We need to know at least an estimation of how many athletes for each division are coming before we can come up with the Schedule of Event/Play. That is the reason why the Form A - Intention to Participate deadline is **April 30, 2024**.
